

Mahad Ahmed

Always Learning

SUMMARY

Motivated and dedicated junior web developer with a strong foundation in HTML, CSS and JavaScript. Eager to contribute to a dynamic team by creating visually appealing and user-friendly websites. Possesses a keen eye for detail, a passion for problem solving, and a commitment to learning and adapting to new technologies. Demonstrated ability to work collaboratively in a fast-paced environment with 6 months of experience in a tech development team, while delivering high quality code and meeting project deadlines. Looking forward to leveraging my skills to help create exceptional online experiences.

WORK EXPERIENCE

Dec 2022 - Present **Junior Front-end Developer**
Luul Soulutions LTD

- Jikolux - This was a point of sale system developed using a JavaScript backend & react frontend, for restaurant owners that significantly improves working conditions for both owners and waiters.
